# How To....

Can you create a digital 'How to guide' to help guide a user to make their own cushion?

Your digital 'How to guide' might include text, videos and diagrams.

You could create your digital 'How to guide' on PowerPoint, Imovie, Microsoft Word etc.

Try and provide the user of your guide step by step instructions on how to make a cushion. You will need to use the knowledge and skills that you have developed in our DT sessions to do this. Try and include visual aids, videos, diagrams etc. to make your 'How to guide' easy to follow.
